

Large laser/satellite curved beam telescopic land leveler with electronic control system

NO	Item	Unit	12PBW-300H	12PBW-350H	12PBW-500H	12PBW-600H
1	Working width	m	2.0-3.0	2.5-4.0	3.5-5.0	4.0-6.0
2	Number of tires	Numbe	4 tires	4 tires	4 tires	4 tires
3	Weight	kg	1850	2050	2250	2450
4	Matching horsepower	hp	140-180	160-200	200-240	220-280
5	The core of the electronic control system is to replace some purely mechanical operations with electronic control. such as adjusting the blade height and the overall machine speed, which is more precise, efficient and fuel-saving than purely mechanical operation.
